

## Lorri Schubert – Vice President

I have been involved with working Border Collies for over 18 years. I got my start in training and trialing sheepdogs with my first dog Annie. I could not have asked for a better first dog. Annie and I successfully worked our way up from the Novice/Novice class to Open and I learned so much from her. Since then I have had many successful partnerships with my own dogs and dogs I have trained for others. I also raise a small flock of about 60 Clun Forest sheep that I have recently downsized giving me more time to focus on training and trialing.
